Discussion

One member was upset about a variety of matters and wanted Board support in dealing with such. This included his large wastewater bill that he gets because of his water usage to take care of his lawn. This member also complained of too many renters and that they don't take care of their yards. Dianne agreed to inquire with City Hall about his concerns in the following week.

Another member suggested that the Neighborhood Watch signs need to come down or be replaced as they are eyesores. On Juniper he would like speed bumps.

The meeting was adjourned.

Respectfully submitted.
