OLD BUSINESS

There was no old business to come before the council.

NEW BUSINESS

COU2026-10

Consider approval of an agreement with Group Creative Services for development of the public arts master plan

Ms. Lee said that the council had approved using up to \$40,000 of transient guest tax (TGT) funds for a public arts master plan at its November 3, 2025 meeting. In 2023, the council supported the creation of a public arts fund to generate additional public art throughout the community. Each year since then, the fund had received a contribution from the TGT fund to be spent on public art. A council policy outlined a procedure for the purchase of public art including potential funding options, purchasing mechanisms, purchasing approval, and placement of the art. Ms. Lee noted that it was anticipated this would be a collaborative process between the arts council, parks and recreation committee, and council.

Since receiving approval, the arts council had been developing a plan for the roll out of a public arts program while building a balance in the public arts fund, which currently totaled \$50,169 as of 11/1/2025. \$10,000 of this fund would be used along with the TGT funds to pay for the plan. A master plan would help the arts council and community develop and successfully roll out a public art program with public engagement and a comprehensive funding plan for public art which could include public and private dollars.

If approved, the arts council along with a team of staff would begin the master plan process. Ms. Lee said the process would be detailed on a website and include public engagement. The completed master plan would come back to the council for approval in approximately one year.

Mr. Graves made a motion to approve the agreement with Group Creative Services for the development of a public arts master plan. The motion was seconded by Ms. Bartelt and passed unanimously.

COU2026-11 Consider design agreement with Affinis Corporation for the design of the 2026 residential street program (PAVP2026)

Ms. Prenger stated that public works had requested proposals from firms to provide engineering services for the city for 2024-2026 in December 2023. The selection process consisted of submitting proposals, ranking to select for interviews, conducting the interviews and selecting the consultant for the design work. Engineering services were selected based on qualifications. The selection committee consisted of councilmembers Dave Robinson and O'Toole along with staff. Affinis Corporation was selected as the city's design consultant for the paving program from the three firms interviewed.

Ms. Prenger said that the proposed agreement was for the design of the 2026 residential street program, which would begin in the summer after the contractor completed streets from the 2025 program. Doing so would allow time for engineers to complete street plans and give them to the contractor as they continue to work through the summer on residential streets. She added that due to the number of visitors scheduled to be in the metro area during the 2026 World Cup, no construction would be undertaken on arterial or collector streets from June 1, 2026 to July 20, 2026.

Mr. Graves made a motion to approve the design agreement with Affinis Corporation for the design of the 2026 paving program in the amount of \$244,110. The motion was seconded by Mr. Agniel and passed unanimously.

COU2026-12 Consider construction contract with Superior Bowen for the 2026 residential street rehabilitation program (PAVP2026)

Ms. Prenger stated that the 2026 street rehabilitation program would include work on many streets throughout the city. Improvements would generally include curb and gutter repair or replacement, sidewalk repair, and an asphalt mill and overlay. The program would be funded by the 2026 residential street rehabilitation program, PAVP2026.

On May 7, 2018, the council approved an agreement with Superior Bowen (previously O'Donnell and Sons) based on an evaluation of services and competitive pricing from 2015-2018. Since that time, Superior Bowen had provided quality service to residents and

maintained the same project manager for Prairie Village. Given their performance and competitive pricing, staff recommended utilizing them again in 2026.

Ms. Prenger noted that staff had reviewed the bid proposal submitted for the 2026 program and confirmed the reasonableness of the offered unit pricing based upon established bids from recent projects of a similar nature. Additionally, staff compared prices from the prior year and noted an acceptable increase of approximately 2% in overall project costs.

The 2026 paving program would include a mill and overlay of Cambridge Street from Somerset Drive to State Line Road, along with a traffic signal replacement at the intersection of Cambridge Street and State Line Road. The City of Kansas City, Missouri (KCMO), owner of the traffic signal, would administer the traffic signal project. Ms. Prenger said that the City of Prairie Village had an agreement with KCMO to perform necessary work to maintain the signal, and would construct geometric improvements at the intersection in conjunction with the traffic signal project.

Ms. Prenger stated that the contract would be awarded for \$3,125,000, with change order authorization up to \$200,000 to allow for quick approval of possible changes required to complete the project.

Mr. Graves made a motion to approve the construction contract with Superior Bowen for the 2026 residential street rehabilitation program (PAVP2026). Mr. Agniel seconded the motion, which passed unanimously.

Mr. Nelson made a motion for the city council to move to the council committee of the whole portion of the meeting. The motion was seconded by Mr. Logan and passed unanimously.

COUNCIL COMMITTEE OF THE WHOLE
COU2025-13 2027 budget calendar

Mr. Hannaman said that staff created a budget planning calendar each year to schedule activities that must be completed to create and develop the annual budget. He noted that the calendar contained some flexibility if needed, but that staff intended for the presented timeline to be followed. The 2027 budget calendar, similar to the 2026 calendar, would allow for the city to meet all statutory deadlines as well as submit the budget for the Government Finance Officers Association award program.

Mr. Hannaman noted that the calendar included two separate scenarios related to the current revenue neutral rate (RNR): one scenario exceeding the RNR and one which did not exceed the RNR. He added that the revenue neutral rate was equivalent to the tax rate in mills that would generate the same property tax in dollars as the previous tax year using

PRAIRIE VILLAGE
KANSAS

the current tax year's total assessed valuation, and that Johnson County would provide the city with the revenue neutral rate in June. The 2026 budget did exceed the RNR.

Lastly, Mr. Hannaman stated that the Kansas Legislature was actively working on bills that could alter or even eliminate the existing RNR process and replace it with a yet-unknown system. Specifically, House Bill 2745 would cap a municipality's budget growth by 3% annually, and a protest petition of 10% of voters that voted in the prior presidential election in the municipality could overrule the elected local government's budget if it exceeded that 3%. Additionally, the bill would significantly impact the timing of the budget process.

Mr. Reddell moved that the city council end the council committee of the whole portion of the meeting. The motion was seconded by Mr. Vallette and passed unanimously.

ANNOUNCEMENTS

Announcements were included in the council meeting packet.

Consider proposed purchase of equipment related to safety and security during 2026 World Cup

RECOMMENDATION: Motion to grant budgetary authority to the Prairie Village Police Department to purchase equipment necessary for the 2026 World Cup safety and security not to exceed \$120,000

BACKGROUND

The Prairie Village Police Department is assisting with safety and security efforts related to the 2026 FIFA World Cup. The City of Prairie Village has the unique privilege of hosting a site directly related to the event. To ensure that residents and guests to the City have a safe stay in the City it is important that proper resources to aid in securing the event are purchased and available when the event begins.

A security plan has been proposed and there is a need to utilize resources the Prairie Village Police Department does not currently have. The PD is proposing that the City purchase a mobile surveillance trailer to be deployed at the event site. This trailer will provide around the clock surveillance of the event location and assist personnel in ensuring the site is secure. We are also proposing that the City purchase a vehicle access control barrier to be placed near the site so law enforcement can monitor who enters the secured area.

The PD has obtained a quote from Electronic Technology Inc. (ETI), our current camera and surveillance system vendor. The total cost for the surveillance trailer and attached equipment will not exceed \$61,000. PD proposes that the trailer be paid for using already allocated equipment reserve funds for the Traffic Camera/LPR program.

We have also obtained a quote for the vehicle barrier and access control system. The total cost for the access control system will not exceed \$55,000. The PD will use previously allocated 2026 budget funds from our field equipment line item to purchase the system.

The PD does expect that these costs for equipment related to the security operation will be reimbursed in the future. However, due to the need to order the equipment in time for it to arrive orders need to be placed. The Department will not place the order if the plan is changed and the equipment is deemed not to be needed, or if there becomes a belief that the purchase will not be reimbursed.

February 25, 2026

To: Mayor Eric Mikkelson
From: David Warm, Executive Director
Subject: Federal funding for FIFA Safety & Security

Mayor Mikkelson,

This is to follow up on our conversation at the MARC Board meeting yesterday about the status of federal funds to support local safety & security expenses associated with hosting the FIFA World Cup games and events this summer.

As we discussed, the federal funds were approved in late 2025 as part of the budget reconciliation process. The funds are appropriated to Department of Homeland Security Federal Emergency Management and will be administered through the Missouri Department of Public Safety, though the federal law is clear that the funds are available for use in both Kansas and Missouri. The Department of Homeland Security has not yet released the funds, and KC 2026, Kansas City Police Department and the region's elected representatives have been highly active in encouraging federal action.

The funds to be made available to the Kansas City region are estimated at \$59 million in a sub-award to KC 2026. KC 2026 has enlisted MARC's Regional Homeland Security Coordinating Committee as the federally designated regional emergency planning entity to help administer the funds. We expect our role will be to manage the fund distribution, federal and state reporting and perhaps other functions to ensure compliance with federal and state systems, though overall budget allocations to Kansas City area partners will be approved by KC 2026. We are waiting on release of the federal funds to finalize an agreement with KC 2026 on precise roles and responsibilities.

When the federal funding legislation was being drafted, KC 2026 coordinated with police departments and other agencies across the region to develop a budget that comports with the other FIFA host cities and host city requirements. As we discussed, most of the \$59 million available for the Kansas City region will be to support security personnel. The other expenses include security related equipment at FIFA activity sites, including stadiums, practice facilities, Fan Fest and residential locations. This would mean that equipment expenses associated with security for the Meadowbrook residential site in Prairie Village could be an eligible category of expense, if it is included in the eventual budget available to Prairie Village, which has not yet been finalized.

It is also important to note that the federal appropriation enables the reimbursement of expenses incurred in advance of the grant award and the type of expenses being considered would be eligible cost

categories. However, the actual expenses would need to be approved by both the State of Missouri and KC 2026, and they are not expected to provide approvals in advance of the release of funds.

While Prairie Village would assume the risk for any expenses incurred in advance of approvals, the risk is perhaps mitigated by the fact that Meadowbrook is an official FIFA activity site and that security expenses for these facilities are an eligible cost category if they can be accommodated within available funds.

I encourage you to continue to work directly with KC 2026 on World Cup expenses that you believe will be eligible for the grant funding available to Prairie Village.

I hope this helps clarify the situation and assists in your decision-making. We will keep you advised if we learn more in the coming weeks. Please let us know if we can help further.

Prairie Village Jazz Fest 2026
Committee Meeting
Tuesday February 24, 2026, 5:30 p.m.
Multipurpose Room

Attendees

J.D. Kinney	Special Events Coordinator, Committee Chair
Jim Barnes	Stage and Technical Chair
Mary Ann Watkins	Member at Large
Dave Hassett	Food and Beverage Chair
Amanda Hassett	VIP Hospitality Chair
Will Fisher	Member at Large
John Wilinski	Backstage Chair
Kyle Vanlanduyt	Master of Ceremonies
Jack Davis	Big Grove Brewery

Committee Chair's Report

The date of the Prairie Village Jazz Fest 2026 is Saturday September 12, 2026. It will be the 15th actual production of JazzFest. We will also be celebrating the 75th anniversary of the founding of Prairie Village. Inga Selders is our City Council Liaison for JazzFest 2026. Joyce Hagen Mundy has retired from the JazzFest Committee after being involved for all 15 JazzFests. Her role as Volunteers Chair, is open.

Talent

Alex Toepfer reported via email that he had several of the performance slots penciled in. He was still looking for a headliner. He has developed a submission form for acts who wish to be considered for JazzFest and asked that it be added to the City JazzFest website.

F&B

Butterfluff Popcorn and Queen of Acorns from 2025 have committed to JazzFest 2026. Food truck corral will be placed in the Harmon Park parking lot as it was in 2025.

Big Grove Brewery, who will be opening their retail location in Prairie Village at the Village Shops in Spring 2026, was asked if they would be interested to be a vendor at JazzFest. During the discussion, it was proposed whether Big Grove would want to consider taking over the existing beer and wine concession at JazzFest, replacing the JazzFest Committee. Although beer and wine sales have traditionally generated a significant amount of revenue to support the event, a commission on sales and/or a donation from Big Grove combined with: a decrease in infrastructure and other costs, the elimination of leftovers and the liability connected to leftovers, could make the proposal a feasible one. Big Grove agreed to consider the proposal and the JazzFest Committee to explore the budget implications.

Infrastructure

Sect has added JazzFest 2026 to their schedule to provide stage, sound and light. Bid TBD

Presentation

Wes Jordan provided an overview of Environmental Committee key accomplishments. While not a comprehensive list, it is a snapshot of the impressive accomplishments generated by this committee. See agenda for the list.

Old Business

Solid waste contract history and update (Wes) Wes provided a history of solid waste in Prairie Village starting with Deffenbaugh. Quality suffered when Deffenbaugh was sold to Waste Management. Prairie Village has 2nd largest contract in county which can pose challenges. Current contract with Republic is coming to an end and options are being reviewed. Options include potential for annual contract extension for a maximum of 5 years or going to a new bid. The current contract expires 12/31/2026.

Municipal composting, municipal glass recycling, and multiple bin sizes are the top 3 responses from Environmental Committee members to the survey ranking waste diversion options. The city does not have the staff to customize tax and bin size per house. There was discussion

around rules or recommendations to businesses within Prairie Village regarding recycling and composting.

Rick made a motion to instruct City Council to investigate options and costs for glass recycling. Piper seconded the motion. 11 were in favor, 1 abstained.

Sleepyhead beds update (Wes) 460 mattresses diverted from the landfill to date in Prairie Village. Sleepyhead will pick up and recycle mattresses at the 2026 large item pick-up.

Climate Action KC meeting review (Rick) Rick provided an update on the Climate Action KC meeting and highlighted efforts discussed by other cities. Next meeting is in April. Rick will send Ashley a document with these highlights.

Tomahawk Stem night update (Tamara) Tamara will have a beekeeping display at the Tomahawk Elementary STEAM night on Thur, 3/26. Piper is working with public works to transport the monarch butterfly prop for the event.

Update on school sustainability grants (Melinda) Grant application closes 3/31. Melinda is communicating with schools regarding the grants.

75th anniversary parade -May 2 Parade route is from City Hall to Corinth. Volunteers to coordinate committee parade participation include Drew (lead), Jeff and Johanna. They will provide an update on options at the March meeting.

New Business

2026 Mayor's monarch pledge (Piper and Johannna) – Jim sent the motion to the mayor. Discussion will be added to the next meeting. Ashley sent the 2026 Mayors Monarch pledge via email today. Please review it prior to the next meeting.

Recycling Extravaganza April 11 9 a.m - 2 p.m. Volunteers include Tamara (lead), Jeff, Crystal, Mae Ellen, and Jim

Deep Roots plant sale May 9. Piper and Johanna are working together on this event. Piper will work with public works on logistics.

VillageFest July 4 – Pushed to March agenda. Plan for higher attendance due to World Cup. Rick will contact JD regarding composting at the Village Fest and obtain pricing information from vendors.

Other All committee members need to sign the code of conduct if they have not already done so.

Announcements Next Meeting March 25, 2026 – Agenda items will include 75th parade, VillageFest and the Mayor’s Monarch Pledge

Adjourn

Rick made a motion to adjourn. Penny seconded the motion. All were in favor, and the meeting adjourned at 7:13 p.m.

VIP Hospitality

It was proposed to eliminate the dedicated seating area for VIP guests as it has been underutilized the past several years. It was proposed that invited guests (elected officials, donors, dignitaries) receive complimentary entry passes and drink and food vouchers.

Marketing

It was proposed that we eliminate lineup fans. Onsite signage (and possibly the yard signs placed throughout Prairie Village) to include a QR code that will put the musical lineup, food truck info and marketing, and other JazzFest information on people's electronic devices.

City Committees/Exhibitor Tents

Depending on the availability and scope of branded commemorative items in 2026 for Prairie Village's 75th Anniversary, a one-time return of a merchandise sales tent was discussed.

Kyle requested that Monkey Brain Arts be included in the free/not for profit vendor tents

The meeting concluded at 6:40 p.m.

Respectfully submitted: JD Kinney
